Guest Talk: Cyber Security in Gen-Z Era

Date: 11th October, 2025

Time: 11:00 AM

Venue: Seminar Hall, NCMS

Participants: III BCA (F2), II & III B.Sc, I MCA students.

No. of Participants: 120 Students

Learning Objective:

- To familiarize students with the latest cyber threats and attacks prevalent in the digital world.
- To educate participants on best practices for maintaining online safety, such as strong password management, multi-factor authentication, and responsible social media usage.
- To develop awareness about ethical online behaviour, privacy concerns, and the responsible use of technology in the Gen-Z context.
- To gain insights into the laws and regulations governing cybercrimes in India, including the Information Technology (IT) Act and related legal provisions.

Brief write-up on the Programme:

A guest talk on the topic “Cyber Security in Gen-Z Era” was organized on 11th October 2025 at 11:00 AM in the Seminar Hall. The session aimed to create awareness among students about the significance of cyber security and the legal framework related to the digital world.

The resource persons, Adv. Aslam Salim and Adv. Naveenghosh K.A., delivered an insightful session highlighting various cyber laws, common online offences, preventive measures, and the importance of maintaining ethical conduct in cyberspace. They also shared real-life case examples to illustrate how legal awareness can help individuals protect themselves against cybercrimes.

Students from BCA, B.Sc, and MCA actively participated in the session and interacted with the speakers through a lively Q&A segment. The talk provided valuable insights into legal rights, responsibilities, and safe digital practices, making it an enriching experience for all attendees.

The session concluded with a note of gratitude to the resource persons for sharing their expertise and valuable guidance on this highly relevant topic.

Learning Outcomes:

- Students gained an understanding of the legal provisions related to cybercrimes under the Information Technology (IT) Act and other relevant laws.
- Students understood their rights and responsibilities as digital citizens and the importance of ethical behaviour in cyberspace.
- Learners became aware of practical steps to safeguard personal information and ensure online safety.
- The session encouraged students to adopt secure, respectful, and law-abiding practices while engaging in digital activities.
