Report on

GUEST TALK – " Mental Health Awareness for Understanding and Supporting Well-Being"

Date: 04th Sep 2025.

Organized by: Department of Science

Venue: Seminar Hall, NCMS

Time: 10:00 AM

Learning Objective:

- Understand what mental health is and why it matters for college life.
- Recognize early signs of stress, anxiety, or burnout in yourself and friends.
- Believe that asking for help is strength, not weakness.
- Learn simple daily tools to manage stress and protect your mental well-being.
- Know how to support a friend and where to reach out for professional help.

Brief write up about the Programme:-

The Department of Science organized a Guest Talk on "Mental Health Awareness for Understanding and Supporting Well-Being" on 04th September 2025 in the Seminar Hall. The session focused on the importance of mental health, stress management, and emotional balance for BCA students. The speaker shared practical tips and interactive discussions that encouraged students to care for their well-being and support others. The programme saw active participation and created awareness on building a healthy and positive mindset.

Learning Outcomes:

- Students understood the importance of mental health in academic and personal life.
- Gained practical strategies for managing stress and anxiety effectively.
- Developed awareness about supporting peers and reducing stigma around mental health.
- Learned the value of self-care, resilience, and positive thinking for overall well-being.

Feedback:

How useful did you find today's session in improving your understanding of mental health?

91 responses

Did the session provide practical insights that you can apply in daily life?

91 responses

How clearly did the speaker explain the topic?
