## Patent Details - 2024-25

| SL. No. | Name                                               | Department            | Patent Title                                                                                                                 | Application / Register Number | Date       | Patent Status |
|---------|----------------------------------------------------|-----------------------|------------------------------------------------------------------------------------------------------------------------------|-------------------------------|------------|---------------|
| 1       | Ms. H S Sriparvathy<br>Ms. Rohanthi Nayani V       | Computer Science (UG) | Secure text encryption and decryption using linear transformation and random factors                                         | SW-2025020624                 | 16-06-2025 | Published     |
| 2       | Mr. Ajith S<br>Mr. Gopikrishna T L                 | Computer Science (PG) | IOT-Based digital blood group detector                                                                                       | 427196-001                    | 16-06-2025 | Published     |
| 3       | Mr. Hithesh P<br>Mr. Muthu Raj<br>Mr. Punith Raj V | Computer Science (UG) | Text Encryption and Decryption using 2's Complement Based on Collatz Conjecture                                              | SW-20377/2025                 | 11-04-2025 | Published     |
| 4       | Mr. Ajith S                                        | Computer Science (PG) | Interactive Robot Movement Game: A Tinker-Based coding Simulator                                                             | SW-20232/2025                 | 06-04-2025 | Published     |
| 5       | Mrs. Vidyashree H R                                | Science (UG)          | Visualizing Prime Number Pairs: Automating the Detection and Graphical Analysis of Twin, Cousin, and Sexy Primes with Python | SW-20073/2025                 | 14-01-2025 | Published     |
| 6       | Mrs. Vidyashree H R                                | Science (UG)          | Generating Crossline Graphs of Goldbach and Extended Goldbach Conjecture                                                     | SW-19965/2024                 | 31-12-2024 | Published     |
| 7       | Mr. Ajith S                                        | Computer Science (PG) | Digital Easy Book                                                                                                            | 428419-001                    | 27-08-2024 | Published     |
| 8       | Mr. Jayanth H P<br>Mr. Harsha B M                  | Computer Science (PG) | MIDI Conversion                                                                                                              | SW-19340/2024                 | 12-08-2024 | Published     |
| 9       | Ms. Keerthana N P                                  | Science (UG)          | Interaction Analysis of Pupil Point Data with Peak Detection and Velocity Calculation                                        | SW-19213/2024                 | 24-07-2024 | Published     |
| 10      | Mr. Ajith S                                        | Computer Science (PG) | Abstract Poly Pattern Generator                                                                                              | SW-19150/2024                 | 05-07-2024 | Published     |
