In Association with IQAC, Pragyan Science Forum Report of Guest Talk on Programming for Everybody

Date: 1st August, 2024

Place: Seminar Hall (NCMS)

Class: 1st Year UG students

No of Participants: 170

Learning objectives:

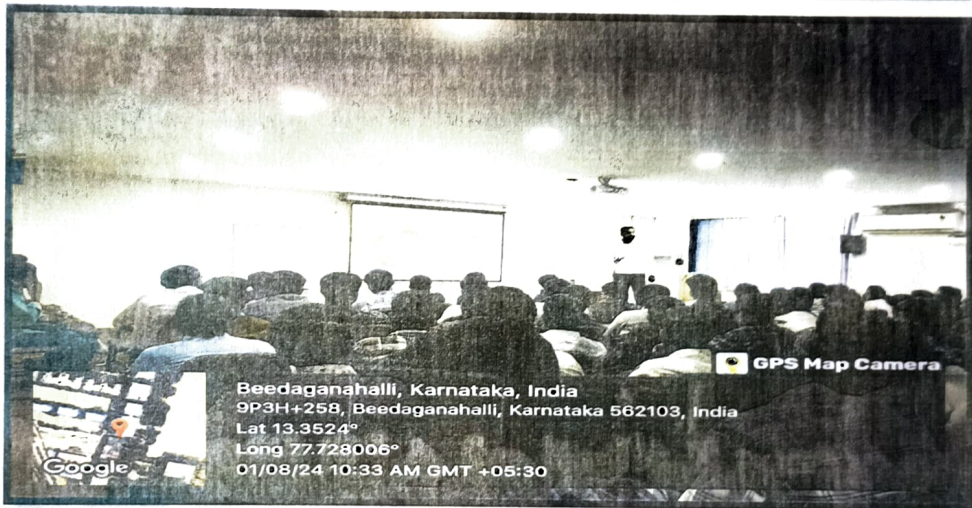

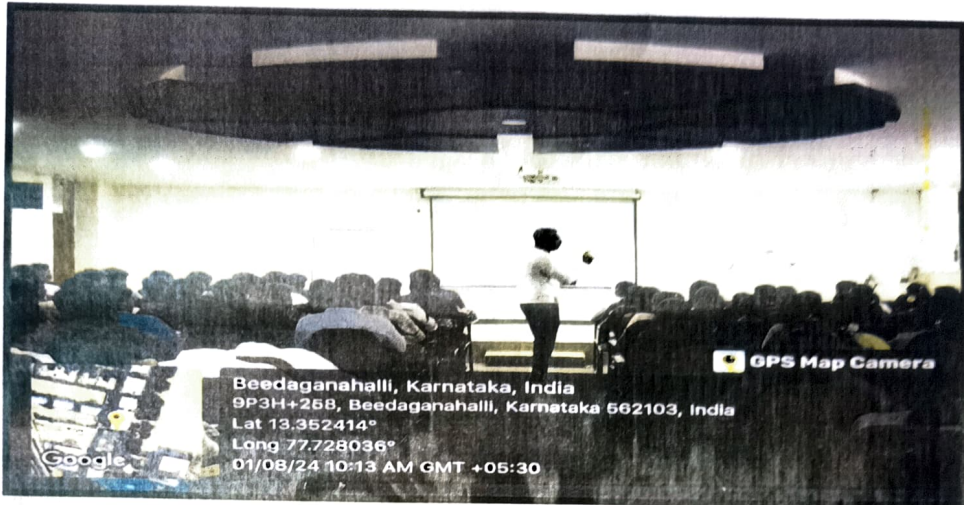

- To Understand fundamental programming concepts and language syntax.
- To Develop problem-solving and logical thinking skills.
- To Apply programming knowledge to real-world scenarios and projects.

Brief write up about the program:

On 1st August 2024, the students of BCA had an opportunity to attend an Informative Session by Dr. Bhargava R, Associate Professor. Motivational Speaker. The title of the program was Programming for Everybody, to encourage and inspire young students to get into the inputs in order to plan their career opportunities based on skills. Dr. Bhargava R inspired the participants with sharing the opportunities available for computer science students for their higher studies too. Real-world applications were highlighted to demonstrate the practical relevance of programming. The event successfully laid a solid foundation for attendees to pursue further studies in computer science and software development

Learning outcomes:

- Acquire foundational programming skills and understanding of basic concepts.
- Enhance problem-solving abilities and apply programming knowledge to practical scenarios.
